A how-to write creative nonfiction craft anthology inspired by HippoCamp: A Conference for Creative Nonfiction Writers.

This collection of craft essays offers thoughtful insights from some of the highest-rated speakers from HippoCamp: A Conference for Creative Nonfiction Writers, who also happen to be some of the brightest minds in CNF we know. The craft anthology is rounded out by the wise writers behind a couple of *Hippocampus Magazine*'s most-read craft columns. Whether you're new to writing creative nonfiction or want to improve your craft, there's something within these pages that will ignite your creativity.

Getting to the Truth, like our conference, is about more than the craft of writing. It also covers the writing life, paths to publication, and engaging with your audience. So, this book is divided into three sections:

- Getting It Down
- Getting Through It
- Getting It Right

Oh, and of course a bonus section at the end with lots of resources!
